

## **Compliance action taken for childcare provision**

EY289502/ 138191

**Date published:** 24/03/2011

### **Summary of outcome**

On 2 November 2010, we received information that raised concerns about the registration.

This information was received from a notification from the provider. The provider conducted an investigation and informed us of their findings. We carried out a visit to the setting to assess the action taken.

#### Action taken

We found that the provider has taken action to comply with the requirements of registration. They demonstrated that they have an action plan in place to ensure staff have the appropriate skills and knowledge to meet children's individual needs.

The provider remains registered with Ofsted.

### **Publication of compliance action**

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years commencing on the date we complete our investigation.
