

Compliance action taken for childcare provision

EY340992/ 152509

Date published: 05/08/2011

Summary of outcome

On 12 July 2011, the provider notified us that a child had left the premises unsupervised. This notification means that the provider met their legal responsibility as set out in the Early Years Foundation Stage welfare requirements relating to 'suitable people'. In particular, to notify Ofsted particulars of any significant event which is likely to affect the suitability of the early years provider or any person who cares, for or is in regular contact with, children on the premises to look after children.

We discussed this with the provider and considered the detailed information and the evidence provided.

The provider took prompt and appropriate action to comply with the requirements of registration by:

- . Immediately securing the fence panels to ensure that children are not allowed to leave the premises unsupervised when accessing the outdoor play area (The Early Years Foundation Stage General Welfare requirements- Safeguarding and promoting children's welfare)

- . Ensuring staff exercise extra vigilance when supervising children(The Early Years Foundation Stage General Welfare requirements-Suitable people)

We are satisfied that the provider took prompt and appropriate action to ensure they continue to meet the requirements for registration. As a result, we decided it was not necessary for us to carry out a visit or take further action. The provider remains registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years commencing on the date we complete our investigation.
