EY283239/ 154707

**Date published:** 27/09/2011

### **Summary of outcome**

On 25 August 2011, The provider notified us of a safeguarding incident. We needed to investigate the concerns to see whether the provider was meeting the Early Years Foundation Stage welfare requirements relating to 'safeguarding and promoting children's welfare'. In particular, these include a requirement that states an effective safeguarding policy and procedure must be implemented. In addition we needed to investigate whether the setting was meeting the Early Years Foundation Stage welfare requirements relating to 'suitable people'. In particular, these include a requirement that states adults looking after children must have appropriate qualifications, training, skills and knowledge.

We visited the premises and the provider told us what they had done to ensure their safeguarding policy and procedures were effective and understood by all staff. They reviewed the safeguarding policy and procedures and secured further safeguarding training for all staff. As a result, we decided it was not necessary to take any further action.

We are satisfied with the action taken by the provider.

The provider remains registered with Ofsted.

### **Publication of compliance action**

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years commencing on the date we complete our investigation.
